

--

A horizontal bar chart with a light blue background and horizontal grid lines. The chart displays the percentage of respondents who believe the current government is responsible for the economic crisis, broken down by gender. The x-axis represents the percentage from 0 to 100, with labels at 0, 20, 40, 60, 80, and 100. The y-axis lists the gender categories. The bars are light gray. The data shows that a higher percentage of men (78%) believe the government is responsible compared to women (68%).

Gender	Percentage
Men	78%
Women	68%

A horizontal bar chart with a light blue background and white grid lines. The y-axis lists age groups from top to bottom: 18-29, 30-49, 50-69, 70+, 18-29, 30-49, 50-69, 70+, 18-29, 30-49, 50-69, 70+, 18-29, 30-49, 50-69, 70+. The x-axis represents percentages from 0 to 100. The bars are light gray. The data shows that younger age groups (18-29) consistently have higher percentages of respondents who believe the U.S. should take action to address climate change, while older age groups (70+) have lower percentages.

--

A horizontal bar chart with a light blue background and dark blue horizontal grid lines. The y-axis lists age groups from top to bottom: 18-29, 30-49, 50-69, 70+, 18-29, 30-49, 50-69, 70+, 18-29, 30-49, 50-69, 70+, 18-29, 30-49, 50-69, 70+. The x-axis represents percentages from 0 to 100, with major grid lines every 20 units. The bars are light gray. The lengths of the bars increase in increments of approximately 10% for each successive age group, starting from about 25% for the first 18-29 group and reaching about 95% for the final 18-29 group.

Age Group	Percentage
18-29	25%
